

NorNed-cable – Training session at TenneT

TenneT and Statnett invite market players to a training session for preparing and training for bidding on NorNed Auction (NNA). The training session will take place October 31st 13:00 – 16:00 at TenneT, Utrechtseweg 310 in Arnhem.

Agenda for the training session:

1. Introduction
2. Information about the NNA software
3. Training session, market players preparing bids, practical training on PC
4. Results from NNA (on-line if possible)
5. Q&A

There will be one round of preparing bids and receiving results. On October 31st and November 1st and 2nd each morning there will be a bidding round from the participant's office following the planned real operational timing.

NNA registration necessary

The training session is **only available for market players that are registered at NNA**. Participants not registered yet, but intend to do so, have to register by sending the completed UCN form to:

TenneT TSO B.V.
Dept. Service Centre
PO box 718
6800 AS Arnhem
The Netherlands
Fax +31 26 373 13 95

The registration form is available on www.NorNed-Auction.org

Participants that will send their bids via email will receive the necessary encryption key to install on their computer together with the confirmation of their registration.

Registration for the training session

Please register for the training session by email to: information@nored-auction.org within October 24th. Registration must contain name, company, email and phone number for each participant. To give all parties a chance to participate, it might be necessary to limit the number of participants from each company. Questions regarding this training session can also be sent to information@nored-auction.org.

The training session will be free of charge.

Any further questions regarding the technical solution, how to become a participant or the NNA software can be sent to information@nored-auction.org.

Best regards
TenneT TSO BV. and Statnett SF
